PLASMA-BASED BIO-OXYGEN STERILIZER

INFECTIOUS-FREE HOSPITALS

BIO-OXYGEN BASICS

100

This is the percentage by which our Bio-Oxygen Sterilizers kill Aerial Bacteria & destroy unwanted odour anywhere. Our supporting certificates are available to blow your mind away.

*3157 times stronger disinfectant than Chlorine,
160 times stronger bacteria killer than Sulphur
Dioxide, 50 times stronger than PerAcetic Acid,
37 times stronger than Formaldehyde, 1.7 times
stronger than HydroCyanic Acid.*

BIO-OXYGEN BASICS

O

This is the percentage of Toxic Residue left by Bio-Oxygen in ambient air, after destroying all harmful compounds.

- *Blessing for human health when present in ambient air according to guidelines by Occupational Safety & Health Administration, USA*
- *Approved by US Food & Drug Administration as G.R.A.S (Generally Recognised As Safe)*
- *Increases shelf-life of stored food by upto 8 months*
- *Bio-Oxygen is the fresh smell we feel just after rain*

ENCLOSE250

When hospital operations are hampered due to unwanted smell –

At Mortuary

Toilets

Pathology Labs

Pharmacy

Enclose250

- Filters Air - Sediments**
- Sterilizes Air - Yes**
- Deodorises Air - Yes**
- Destroys Toxic Gases - Yes**
- Supresses Smoke - Yes**
- Increases Oxygen %age - Yes**
- Heavy Duty - Yes**

Air Purifier

- Filters Air - Yes**
- Sterilizes Air - No**
- Deodorises Air - No**
- Destroys Toxic Gases - No**
- Supresses Smoke - No**
- Increases Oxygen %age - No**
- Heavy Duty - No**

SPECIAL ADVANTAGES

-
-
-
-
-

Tropical-Climate Compatible
Portable & Single Phase
Consumes Minimal Electricity : 50 Watts
No Man-power Attendance Required
Even Distribution of Bio-Oxygen

APPROVAL

- Team Waterhouse products are accepted worldwide by leading Infection Control Researchers
- Certifications for Complete Killing of Aerial Bacteria in Operation Theatres/ICU
- Odour removal in seconds
- Absence of Reliable & Practical Products in the market
- Used by all leading Hospitals, Indian Army, Food Processing Plants

HOSPITALS

*OT / Burn Wards / ICU / ICCU / NICU / ITU /
Wards / Toilets/ Microbiology/ Pathology/ Hospital
Corridors*

*Mortuary/ Garbage Room, House-keeping, Kitchen /
